

A COUNCIL FOR GENERAL STUDIES PRINCIPALS

PRINCIPAL PODIUM

FOR GENERAL STUDIES

Mrs. Brittney Friedman
Host

Mrs. Marti Herskovitz

We are excited to welcome Mrs. Marti Herskovitz to the Principal Podium. Marti will share practical ways to use the Danielson Framework to help teachers set meaningful goals, conduct productive walk-throughs, and provide clear, supportive feedback that strengthens instruction and the admin to teacher relationship.

Before joining Jewish New Teacher Project (JNTP), Marti worked in Jewish education for thirty years as a teacher and an administrator in local Baltimore/Washington area schools. Marti holds a BA in Elementary Education from The George Washington University, an MAT from Lewis and Clark College, and an MS in School Counseling and Guidance from Johns Hopkins University. Marti began working with JNTP in 2010 as a mentor at Milton Gottesman Jewish Day School of the Nation's Capital. She grew in her role at JNTP to become a mentor trainer, a virtual mentor, the coordinator of our Baltimore/Washington program, a new teacher professional development facilitator and a treasured core member of the JNTP program team. Marti is now retired, but continues to find opportunities to share her depth of knowledge and expertise with educators.
